

È NON È

I, the undersigned Oscar Pittini born in Bergamo on 02/05/1971 as shipowner of the yacht Azimut S6 named E' NON E' Italian flagged.

I declare that Mr. Lorenzo Grassi has been embarked on board my yacht E' NON E' as Captain.

I know him as an extremely competent, reliable, responsible person from all points of view and well educated. I have only been able to appreciate the seriousness and the great commitment that he has always lavished on carrying out the assignments assigned him. he has always been well connected with the undersigned, with my family and with guests of any caliber, integrating perfectly into the environment, showing himself to be highly professional and discreet. Captain Lorenzo leaves us with regret but he needs to confront with other realities (the command of bigger yacht) that surely compete to him. I can only wish him a deserved success in the course of his career. As far as I am concerned, for Captain Lorenzo there will always be a place as master on my yacht.

Please feel free to contact me for any further clarification.

Best Regards.

Oscar Pittini
